

## WHITNEY AND TOIYABE PARKA FEATURES

We designed our goosedown Whitney and Toiyabe Parkas to be durable, lightweight and adjustable at neck, waist, cuffs and front. They insulate completely when you're cold, ventilate freely when you're warm.

### The Down:

We're known for using the best quality goosedown in all our products. Goosedown is the comfortable way to warmth without unnecessary weight and bulk. It withstands extreme conditions well and can be washed or dry cleaned.

### The Design:

- 2" down-filled snap storm-flap over zipper keeps wind from penetrating zipper area.
- High goosedown-filled collar. Snap it snugly when it's really cold.
- Cinch-cord at waist: tighten it when it's cold to keep air from escaping, loosen it in warmer weather for ventilation. Designed to tie off on each side rather than across the middle. You can take your coat off without untying, put it on fully adjusted.
- Handy inside pocket.
- 1" wide elastic cuff. Snap adjustable.

### The Materials

- Whitney Parka has high-thread-count nylon taffeta outer layer.
- Toiyabe outer layer 60/40 cloth. Both Parkas have high-thread-count nylon taffeta inner layers for easy in-and-out.
- Large #7 nylon coil zipper slides easily, joins tightly, resists snags. Sewn in with two rows of stitching so it won't pull out.

### The Stitching

- Cotton-wrapped Dacron core thread of highest quality. Mildew resistant and strong.
- Side and arm seams sewn with interlocking double needle stitch.
- Intensive bar stitch secures point of most stress.
- Lifetime seams—seams locked in place so they never come out.

IF ANY STITCHING IN ANY SIERRA DESIGNS PARKA EVER WEARS OUT, BREAKS OR OTHERWISE GIVES WAY, WE WILL RESTITCH IT WITHOUT CHARGE.

# Goosedown WHITNEY and 60/40 TOIYABE Parkas

... 10¼ Ounces of Over-The-Hips Goosedown Warmth and Style You Have to Try on to Appreciate

Snuggle into either our Whitney or 60/40 Toiyabe Parka and notice it extends over your hips. This length keeps cold air from rushing up your back when you're active. Reach for the pockets and discover our unique double pocket. Outside handwarmer pockets are insulated so you can warm-up quickly. Inside cargo pockets are spacious with flap closures secured by Velcro (things can't fall out). Notice the raglan sleeve which gives you seam-free goosedown warmth over the shoulders. Generous 10¼ oz. goosedown fill makes the Whitney and 60/40 Toiyabe very warm, yet they are still lightweight enough for backpacking. Both Parkas can be used with outer garments for additional warmth, and their many adjustments give them a wide temperature range. If you hike, ski, work, watch, or walk your dog in the cold, the Whitney or 60/40 Toiyabe are for you. Goosedown filled hood optional.

# The INYO Parka

the warm embrace of 10¼ oz. of goosedown, plus the rugged good looks of a 60/40 parka

Our warmest goosedown Parka—the ideal windbreaking insulator. Outside layer our rough-tough 60/40 cloth (a cotton/nylon blend which repels wind and sheds snow). Outside layer sewn with interlocking double needle seams adding sewing strength to fabric strength. This outside layer is attached to an inner shell of high-count nylon crammed full of goosedown and quilted to put the down where you need it most. The two shells attach so that the outer protects the inner against abrasion and no quilt seams are exposed—your body heat cannot escape, wind cannot penetrate.

Both hip pockets on the Inyo are double handwarmer/storage pockets. Handwarmer pocket angled for easy entry and quick warmth. Storage pockets deep, spacious and close with Velcro secured flaps (things can't fall out).

The many adjustments on the Inyo are easy to use (even with mittens on) because you need them that way. Large nylon tooth zipper with long pull tab starts easily and slides smoothly. Zipper storm flap snaps closed for easy operation. Waist cinch cord for maximum warmth or ventilation. Gusseted cuffs are

Velcro adjustable—they expand to go over a mitten or to ventilate, and they secure tightly around the gauntlet of a mitten or your wrist.

Our warmest parka for your complete protection.

Sizes: XS(30-32), fits women & children 5'2"-5'4"

S(34-36), M(38-40), L(42-44), XL(46-48)

### JOIN THE FUN... JOIN THE CHAMOIS SHIRT FAMILY

In Both Men's and Women's Sizes

Membership in the Chamois shirt family is simple, own a chamois shirt. Everyone who hikes, camps, boats, skis, picnics, lounges, sails or works outdoors has one... or two... or even one of each color. There's good reason, too—the Chamois shirt is synonymous with fun! You can and will wear your Chamois shirt everywhere, all year around. The Chamois shirt is made of tough, heavy, yet soft 100% cotton. Don't baby it; it's tough and machine washable (won't shrink either)—the more you wash it the softer it gets (people wear them until they fall off, they're so comfortable). A good light jacket for Summer evenings, a warm shirt under a parka in Winter. Great in the field, great for casual wear. Two breast pockets with button-down flaps to keep small things in. Long tails which won't untuck when you're active. And, button cuffs you can button long for warmth or roll-up so they stay out of the stream. Wide color selection and with this catalog, WOMEN'S SIZES! If you're not a member of the Chamois shirt family, join today. If you're already a member, join again or give one as a gift.
